

Blended Standard / Intermediate First Aid CPR

Outline	Learning Objectives
<p>This program consists of 6 hours of online training followed by 6.75 hours of in class skill training. The program covers the essential modules required for first aid certification, while providing a unique first aid training concept that utilizes less theory and workbooks, and more scenarios and practical applications. The practical modules are unique in that participants respond to several mock-ups using live 'casualties'. No other first aid course has been presented with such enthusiasm and motivation among participants!</p>	<ul style="list-style-type: none"> • Recognition of life-threatening injuries • Learn to provide intervention until medical aid arrives • Demonstrate artificial respiration • Demonstrate how to help a choking victim • Deal with shock and unconsciousness • Deal with severe bleeding • First aid for head and spinal injuries • Deal with fractures of upper and lower limbs • CPR for an adult casualty • Demonstrate the use on an AED • Learn the how to deal with common medical emergencies
	<p>Competencies</p> <p>Participants are required to complete a written competency check to minimum 75% level in order to obtain a pass mark, and successfully demonstrate the province-specific practical skill(s) required for certification.</p>
