### *Greetings from the Calgary Firearms Centre and Conservation Education Centre for Excellence:*

The Calgary Firearms Centre & Conservation Centre for Excellence (CFC) and the Alberta Hunter Education Instructors' Association (AHEIA) are pleased to welcome all shooters to the 2022 shotgun season. We extend a very special welcome to visiting shooters from across Canada participating in the Canadian Trapshooting Championships, being held June 29 - July 3, 2022. We are honoured to be hosting this premier shoot and anticipate an exciting competition! Pre-squadding for the event will be available at presquad.com.

We are very happy to be offering our full slate of competitive shoots this year at the Calgary Firearms Centre. We have come through two long years of cancelled or reduced capacity events due to the ongoing health crisis. However, with the pandemic recovery on the horizon, it is shared experiences such as these that will see people back at the range enjoying the sport that we love, the renewal of friendships, and the camaraderie of being with fellow shooters. Throughout the pandemic, the Calgary Firearms Centre has taken every precaution to keep shooters, staff, and visitors safe. Protocols have been in place since the beginning, and we will continue to abide by the restrictions mandated by Alberta Health. We appreciate your cooperation with regards to the current rules and regulations.

The Calgary Firearms Centre has a long and exciting history offering the clay target sports to local enthusiasts. Just minutes south of Calgary, it has evolved into one of the busiest facilities of its kind in North America. Home to the Women's and Youth Shotgun leagues, trap, skeet, and sporting clays as well as an archery field and archery league, the facility is open year-round to accommodate anyone who wishes to try an activity. Should you wish to participate in a league, you will be coached in skill development in a safe and controlled environment from one of our dedicated and qualified volunteers. The facility is open to the public for shooting, plus we also offer an annual membership. By purchasing a CFC shooting membership, you receive reduced target fees and discounts on various merchandise at the pro shop. You can purchase a membership online through our website, aheia.com, or in person in the clubhouse.

Returning visitors will notice that we have made some improvements to the facility over the past year. In the clubhouse there has been a complete renovation of the women's bathroom, plexiglass shields installed over the kitchen and main counters for staff and guest health safety, a window installed in the kitchen for alternative ordering options, and changes to the north side of the building for people registering for shoots. Outside, a berm has been built along the north, west and east boundaries of the property, adjacent to the sporting clays field, new clay target machines have been installed, and cosmetic improvements undertaken throughout the property. We are excited about the additional improvements we are planning for the buildings and grounds this year, including a large gathering hall attached to the west end of the existing clubhouse.

The Calgary Firearms Centre is owned and operated by the Alberta Hunter Education Instructors' Association, a non-profit organization whose mission is **making wildlife and fish a part of the value system of every Albertan**. This is achieved through a broad spectrum of programs, both online and at our four facilities in Alberta. Whether it be through our online options which include the Alberta Hunter Education Program, Pleasure Craft Operating Training and the Fishing Education Program, or in-person at any of our camps, seminars or classroom locations, we strive to offer outdoor experiences for men, women, and children through our Conservation Education programming. Please visit our website, aheia.com, for information on all our programs and coming events.

Public shooting at the Calgary Firearms Centre is both affordable and fun, and our primary objective is providing an enjoyable, safe experience. We offer free coaching to novice shooters and our selection of shotgun rentals will make it easy for you to become involved in the shooting sports. Regardless of your level or shooting ability, we want you to have the best possible experience each time you visit the facility. On behalf of all of us at AHEIA and the Calgary Firearms Centre, it is my pleasure to extend a warm welcome to each of you and the best of luck in the 2022 shooting season.

Robert A. Gruszecki, President.

**PURSES AND OPTIONS**

There are no compulsory purses in these tournaments. You may shoot for targets and trophies only or play any purses or options in the program.

**Purse** ..... One purse (no yardage split) divided 50/30/20% – hi-gun system.

**50's Option** ..... Three 50's. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entries divided equally into three purses, one for each 50. Each purse divided 50%/30%/20% – percentage system.

**Lewis** ..... One class per seven shooters entered. A number of entries not evenly divisible by seven will be rounded to the nearest seven for the purpose of establishing the number of classes. Maximum three classes in any event. Total purse divided equally among classes. Each class purse divided 60%/40% – percentage system.

**50/50 Club Pots** ..... 50/50 Club Pots are made up of three separate 50 straight purses in any 100 target **handicap** event. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entry fee is \$9.00, of which \$3.00 will be added to each purse. Any shooter who plays the 50/50 Club Pots and breaks all of the targets in any 50 will receive 50% of the purse for that 50. If more than one shooter breaks all of the targets in any 50, they will divide the 50%. Club Pots are progressive and will be carried over from one handicap event to the next, from one shoot to the next and from one year to the next. Entry fees paid at a shoot are added to pots after payoffs are calculated for the shoot.

**Special Event** ..... Proceeds of all bids (less 10% retained by the Club as an administration fee) and shooter entry fee of \$10.00 form the purse. Purse will be divided into one money per seven shooters entered (rounded to the nearest seven) – hi-gun system. Shooter 25%, buyer 75%.

## SAFETY

- The practice of tracking targets behind a shooting squad is unsafe, disconcerting to the shooters, and is not permitted.
- A gun, which for any reason fails to fire as intended, must be promptly opened without any subsequent determination by the referee/scorer of the cause of the failure to fire.
- Test shots will not be permitted under any circumstance.
- All guns must have the action opened and contain no live or empty shells at any time, except while the shooter is on the firing line. A break open gun may be closed when it is in a gun rack but it shall not contain a live or empty shell. A gun other than a break open gun must have the action open when it is in a gun rack and it shall not contain a live or empty shell.
- A shooter may place a live shell in his gun only when on a post facing the traps. In singles or handicap a shooter may place only one shell at a time in his gun. In Doubles a contestant may place two shells at a time in his gun. All live and empty shells must be removed from the gun before moving from one post to another. Snap caps or recoil reduction devices may be excluded from the foregoing only if colored a safety orange so as to permanently identify them as not being a live or empty shell. In changing from one post to another, the shooter will not walk in front of the other shooters.
- A shooter must not in any manner interfere with the preceding shooter by raising his/her gun to point or otherwise create an observable distraction.
- Shooters are not permitted to shoot while seated in or otherwise using a golf cart on the firing line. Single passenger conveyances are the appropriate means for participating should one require assistance due to permanent or temporary disability.
- All guns must be equipped, fitted and used so as not to eject empty shells in a manner that substantially disturbs or interferes with other contestants.
- If a flag, orange pylon or stop sign appears on the traphouse, immediately unload your gun and wait until it is removed, indicating ready.
- Do not place your hand or any other part of your body over the muzzle of your gun. The practice of resting the muzzle of a shotgun on a shooter's toe is discouraged.
- Do not point your gun in the direction of any person even though you know the gun is not loaded.
- Only target loads conforming to ATA specifications may be used.
- Each shooter must have his own gun while on the firing line. The practice of sharing a gun on the firing line is dangerous and will not be allowed.

- Protective shooting glasses and ear protection must be worn.
- All empty hulls that hit the ground are the property of the Club.
- All adjustments of the trap machines will be done by authorized personnel only.
- All loading of trap machines will be done by authorized personnel only.
- The Calgary Firearms Centre reserves the right to refuse shooting privileges to any individual possessing faulty firearms and/or ammunition. The Calgary Firearms Centre also reserves the right to expel any individual who, in the opinion of shoot management, disrupts the harmony of a tournament.
- The Calgary Firearms Centre assumes no responsibility for injuries or damages resulting from the use of firearms. The Calgary Firearms Centre assumes no responsibility for the use of faulty firearms or ammunition.
- The Calgary Firearms Centre reserves the right to refuse shooting privileges to individuals who, in the opinion of shoot management, are not in a mental or physical condition to handle a firearm.

# APTA LEAGUE

The APTA league will run from the week of May 15, 2022, for six weeks.

There will be five shooters per team. Any shooter may shoot on multiple teams, but must pay a separate league fee for each team.

Each shooter on a team will shoot 25 targets from the 16 yard line for a total of 125 targets. The team's 16 yard total score will determine the team's handicap yardage (refer to the Handicap Chart below). Each shooter on a team will then shoot 25 targets from the team's handicap yardage for a total of 125 targets. Handicap yardage is only valid for one week, will be re-established each week based on the team's 16 yard total score for that week and, where a shooter is absent, the score of the spare or the absent shooter's previous week's score will be used.

If a team is participating in another league with the same structure as the APTA league (i.e. at least 125 targets from 16 yards and at least 125 handicap targets shot from a handicap yardage that is the same as if determined using the Handicap Chart below), the team can submit the scores from the other league. If the other league is more than one round of singles and one round of handicap per week, the scores from the first round of singles and the first round of handicap are the scores that will be submitted to the APTA league. Any shooter shooting on multiple teams in the APTA league can submit the same scores for all teams.

## Team 16 Yard Score

115 - 125  
110 - 114  
105 - 109  
100 - 104  
95 - 99  
90 - 94  
85 - 89  
84 or less

## Team Handicap Yardage

27 Yards  
25 Yards  
23 Yards  
22 Yards  
21 Yards  
20 Yards  
19 Yards  
18 Yards

A spare can be used if a shooter is unable to attend one or more weeks. Alternatively, a team may submit the absent shooter's 16 yard score and handicap score from the previous week, with a penalty of two targets deducted from the total.

The league fee will be \$20/shooter, for a total of \$100/team.

After three weeks of shooting the league will split into an "A" and "B" side based on total team scores for the first three weeks. Team standings at the end of the league will be based on total team scores for all six weeks of the league. The winning team from the "A" side and the "B" side will each win five cases of shells. Ties will be decided by a count-back to scores from previous weeks. All remaining teams will be put into a random draw to win five cases of shells. If there is larger participation than anticipated, APTA will consider adding additional awards.

## EVERYONE IS WELCOME TO PARTICIPATE!

This is a fun league, and these targets will not be registered.

## Staying true to our roots

Ducks Unlimited Canada has a rich history that began with waterfowl hunters. These conservation-minded individuals recognized the need for sustainable use of the environment, and they started DUC in 1938 with the mission of conserving and restoring Canada's wetlands.

Today, DUC helps promote the waterfowling tradition by providing sponsorship funds to community organizations and groups that deliver camps and events for first-time hunters in Alberta.

If you're planning a mentored hunt or event, give us a call to see how DUC can support you.

## MESSAGE FROM MAYOR JYOTI GONDEK

On behalf of City Council, I am pleased to welcome you all to the 2022 Canadian National Trapshooting Championships hosted by the Alberta Hunter Education Instructors' Association and the Calgary Firearms Centre.

The next five days promise to be energized and thrilling, with shooters from across Canada vying for top awards in a variety of trapshooting events. With many cancelled activities and events over the past two years due to the pandemic, it is heartening to gather for this outdoor competition in the spirit of community, friendship and sportsmanship—values that Calgarians share with you. And we salute the AHEIA for your dedication to the sport of trapshooting, and for continuing to provide education to Albertans, with a focus on safety, responsibility, ethics and respect.

Calgary is proud to be selected as host city for this exciting competition of skills and accuracy. Between “pulls”, we hope you will have the opportunity to explore the incredible eateries and attractions our wonderful city has to offer. Whether it's exploring Bowness Park or dining atop the Calgary Tower at Sky 360, you will experience the warm western hospitality that we are known for around the world.

Thank you to all competitors, volunteers and families for making this such a successful event!

Sincerely,

**Jyoti Gondek**

## MESSAGE FROM CTA PRESIDENT DWIGHT SMITH

Welcome to the 66th Canadian Trapshooting Association (CTA) Championship hosted by the Calgary Gun Club and the province of Alberta. Calgary Alberta just happens to be the location of the very first Dominion of Canada shoot, the first recorded CTA shoot back in 1956. I would personally like to thank Bob Gruszecki and Jim Thomson and all the staff at the club who have and are working hard and giving their time to make this shoot a success. Be sure to say hi and thanks to them as well.

The Calgary Gun Club and its sponsors have put together a prize and cash package unlike anything we have seen before in Canada. This includes the New Handicap Team Challenge with its added money of \$5000.00 and \$5000.00 of added money from the CTA, plus a trophy package second to none. This year it's Calgary's turn to show the shooters their way back to enjoying a real in-person CTA shoot. I can guarantee to all of you who attend this year's shoot in Calgary, it will be one of your all-time trap shooting highlights. The hospitality of the Albertans and the Calgary Gun club will be, as always, a very pleasurable experience for all. Be prepared to shoot some of your best scores ever at this superb facility. The club is meticulously groomed, the skyline goes on forever in one of the best shooting backgrounds you will ever experience. The people are Alberta friendly and are gracious hosts every time I have attended their club.

Our delegates are the shooters' representatives and are always available to help in any way possible. Give them a thanks when you see them. The satellite shoot of 2021 was a big success thanks to the board members of the CTA and a special thank you to Andrea Bassan, the CTA VP, for his time and commitment in the IT area that made this shoot possible. Congratulations to all the 2021 winners.

Please attend the CTA Annual General Meeting to be held Friday night at the end of the shoot day. We need your feedback and welcome your ideas to make this association a success. These are your meetings and I thank you for all of your input in making this the best venue for you, the shooters, from across this great country of ours.

## GENERAL INFORMATION

- Shooting Order and 10 Per Post**..... For all Singles and Handicap events, shoot management reserves the right to require each shooter to take 50 shells to the line, shoot 5 per post, then immediately return to the original starting position **without leaving the line** and immediately start shooting the second round. If this becomes necessary, violators of this procedure will be considered to be disrupting the tournament and may be disqualified at the discretion of shoot management.
- Shoot management reserves the right to change the shooting order to 10 per post.** If this becomes necessary, an announcement will be made and notices will be posted. Please refer to the ATA Rulebook regarding all rights in this regard.

## SHOOTER'S RESPONSIBILITY

- Be Ready to Shoot** ..... **Squads will not be allowed to wait for tardy members.** Shooters will have 3 minutes to take the line once their squad is called.
- A shooter who misses the first post in any event may make up that post only and continue with the squad. Once the lead-off shooter has fired the first shot from the second post, shooters will not be allowed to join the squad until the next sub-event. Shooters will not be allowed to join their squad after the second sub-event. **Shooters who miss two sub-events must either forfeit or re-squad for the event and pay a \$20 re-squadding fee.**
- Make-ups** ..... All make-ups will be shot at the make-up trap. Shooters must report to the make-up trap within 15 minutes of the conclusion of the event. Shooters will not be paged or searched for. Failure to report to the make-up trap timely will result in the shooter forfeiting that event. **No shooter will be allowed to make-up more than 50 targets on the make-up trap. Shooters who miss more than 50 targets with their squad will be required to re-squad for that event. A \$20 re-squadding fee will apply.**
- Gun Breakdowns** ..... In case of a gun breakdown, the shooter will be allowed 5 minutes for repair or replacement. Have your tools and parts or a spare shotgun with you if you are at all concerned about this possibility. Your squad will not be allowed to wait more than 5 minutes for you. There will be no exceptions. If you cannot rejoin your squad in this time frame, you will have to make-up your remaining targets on the make-up trap. Please note that no shooter will be allowed to make-up more than 50 targets on the make-up trap. **Shooters who miss more than 50 targets with their squad will be required to re-squad for that event. A \$20 re-squadding fee will apply.**
- Check Your Scores** ..... Check your scores before leaving each post and at the end of each sub-event. Any changes to scores may only be made in strict accordance with ATA rules.

## CLASSIFICATION AND HANDICAPPING

Classification will be based on known ability. Known ability will be based on official averages, non-registered scores and any other information bearing on a shooter's ability to shoot and break targets. Shooters are required to have their 16-yard and Doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated **will not be classified until the card is completed or may be assigned to a class or yardage at the discretion of the classifier.**

**Shoot management reserves the right to review all scores in any Singles or Doubles event on Day One and Day Two of this tournament for classification purposes. Shooters under review may be moved to a higher class at the discretion of shoot management. Classification changes made during the shoot will be posted in the score board area and will be considered official when posted.**

**A shooter will shoot his/her ATA or PITA yardage, whichever is the longest. However, if the shooter has not shot PITA targets in the current or preceding ATA target year and has been granted a reduction after an ATA 1000 target review, the shooter will shoot from his/her ATA yardage.**

### PENALTY CLASSIFICATION AND YARDAGE:

**Singles** ..... A shooter who has less than 1000 total 16-yard targets registered with the ATA and PITA combined for the current and previous two years will be assigned to "B" Class or higher at the discretion of the classifier.

**Doubles** ..... A shooter who has less than 500 total Doubles targets registered with the ATA and PITA combined for the current and previous two years will be assigned to "B" Class or higher at the discretion of the classifier.

**Handicap** ..... Shooters who do have a total of 1,000 Handicap targets registered with the ATA in the current and previous two target years will be assigned to the 23 yard line or the regular Handicap yardage, whichever is greater. Handicap target requirements will be waived for Sub-Juniors and shooters age 70 and over.
