

# Take your career to the next level

## About BCC

Do you want to get certified with confidence, build a thriving client base, and learn from the financial services or insurance industry's best experts? Business Career College can help you get there. Our dedicated advisors, passionate instructors, flexible learning formats and leading pass rates set us apart. We're here to support you every step of the way.

With decades of experience in the financial and insurance industries, our instructors have helped thousands of learners to get certified without the stress. BCC is one of Canada's largest providers of online training, and we provide high-quality, affordable e-learning to financial services brands of all sizes—from Sun Life Canada to small, independent shops.

We give our students the ultimate flexibility with courses that can be taken through self-study, live webinar instruction, or a combination of both. Our instructors deliver online and in-person classes for students across Canada.

### EXPERIENCE THE BCC DIFFERENCE

- Learn from well-known and highly regarded industry experts who have strong relationships and years of experience.
- Get high-quality e-learning that is flexible and cost effective.
- Benefit from thorough exam prep and high pass rates.

## Certified Financial Planner®

Have you always dreamed about running your own business while making a true impact in people's lives? Do you want to train your team and get them certified? Complete the CFP® program and build a rewarding practice helping clients plan their financial futures.

With flexibility in mind, we offer instructor-led and self-study options so you can choose the learning format that works for your learning style—and your lifestyle. We also provide student advisors to support you through the whole process, every step of the way. Once you've completed our courses and exam prep, you'll be ready to take the exam with FP Canada.
